

Twinpoles

ENG Outdoor offers twin poles; non-illuminated static signs of 10' x 28' installed on highways leading to Ajman, Sharjah, Umm-Al-Quwain, Ras-Al-Khaimah, Hatta and Fujairah. These provide a great way to target the Northern Emirate Traffic. A combination of hand painted images alongside inkjet computer graphics are used for this medium. They are conveniently mounted on four foot high poles for better visibility.
